One-Page Europe Trip Budget Worksheet

Trip overview

- Dates: _____
- Travelers: _____
- Cities/countries (route): _____
- Pace (stops and nights per stop): _____

Target vs. Actual

- Target budget (total): \$ _____
- Target per-day (total ÷ trip days): \$ _____
- Buffer (10% of total): \$ _____

Major line items

- Flights (home ↔ Europe, RT): \$ _____
- Inter-city transport (trains/planes/buses): \$ _____
- Accommodation: \$ _____ per night × _____ nights = \$ _____
- Daily spend (food, coffee, local transit): \$ _____ per day × _____ days = \$ _____
- Activities & tours (tickets, passes, classes): \$ _____
- Local transport (airport transfers, taxis, city passes): \$ _____
- Travel insurance: \$ _____
- Misc/fees (baggage, city taxes, foreign transaction fees): \$ _____

Subtotals & totals

- Core subtotal (sum of line items above): \$ _____
- Add buffer (10%): \$ _____
- Grand total (subtotal + buffer): \$ _____
- Per-day total (grand total ÷ trip days): \$ _____

City-by-city notes (plug in live prices)

- Stop 1 (City, dates): Lodging \$/night; Meals \$/day; Transit \$/day; Key activities \$ → Est. \$ ____/day
- Stop 2 (City, dates): Lodging \$/night; Meals \$/day; Transit \$/day; Key activities \$ → Est. \$ ____/day
- Stop 3 (City, dates): Lodging \$/night; Meals \$/day; Transit \$/day; Key activities \$ → Est. \$ ____/day

Quick checks

- If total > target: adjust geography, season, pace, or lodging tier.
- Trains usually beat planes door-to-door under ~5–6 hours; check national rail sites vs. budget carriers.
